

NORTH CAROLINA FEDERAL OFFICERS Democrats Tired of Their Inter- ference in State Politics. LETTER TO THE PRESIDENT

State Democratic Chairman Simmons Has
Written a Letter to President McKinley,
Charging That Federal Appointees Are
Openly and Flagrantly Using Their Offi-
cial Positions to Control the Conventions
and Voters of the Republican Party—
News Notes in Small Space.

Raleigh, N. C., July 18.—Democratic
State Chairman F. M. Simmons writes
an open letter to the President, in
which he says: "The people of this
State will hold a general State election
on August 2 to elect county and
State officers, and upon a proposition
to amend the State constitution. No
Federal officer will be elected or voted
for at this election. In the consideration
and determination of these purely
local questions I respectfully submit
our people are entitled to exemption
from the interference of the Federal
parties, by using the opportunity
afforded them to elect those to whom
they may have official relations or by
parading the authority with which they
are invested in a manner intended and
calculated to influence the voters of
the State in the exercise of their free
will at the ballot box.

Both as a citizen of this State and
as the chosen representative of a political
party numbering 178,000 voters,
I feel warranted in making the charge
that your appointees in North Carolina
are now daily flagrantly and openly
using their official positions not only
to control the conventions and the
voters of their own party, but to un-
dermine the influence of the opposition
party; to coerce and intimidate the
individual citizen, and to browbeat
and intimidate the election officers of
the State in the great scandal of your
administration.

"In making these charges I but give
expression to the righteous protest of
the people of the State against this
open infringement of the highest political
right guaranteed to them."
He then gave an outline and sum-
mary of some of the facts upon which
he bases these charges. He said:
"It is notorious that Federal office-
holders not only controlled the State
convention of the Republican party
this year, but that they have been the
dominating element in nearly all dis-
trict and county conventions of their
party throughout the State. They dic-
tate the nominations, not only of State
officials, Congressmen, and electors,
but of county officers, as well."
"In every section of the State office-
holders are conspicuous for their activity
in local politics. Their offensive
partnership in the subject of general
reform and universal scandal. It is
openly charged that in many instances
persons engaged in the sale and man-
ufacture of liquors are shown leniency
or treated with harshness by these
subordinates, for partisan reasons."
"I have received hundreds of com-
plaints of the offensive and political
activity of these officers while engaged
in the discharge of their duties, in at-
tempting to persuade in behalf of their
party those whose political views they
thought they might influence."

Chairman Simmons included in the af-
fidavit that the editorial opinion of the
Asheville Citizen was bought for \$5,000,
and says: "I send you this affidavit
because it establishes the charge of of-
fensive partisanship which I have
before preferred against the Col-
lector of Internal Revenue and District
Attorney of the Western District; and
because it shows if the statements are
true, a transaction not only partisan
in its character, but, to say the least,
of questionable morals."

"Recently this State has been flooded
with circulars threatening arrest of
State election officers under warrants
to be issued by United States Com-
missioners, with approval of the Republi-
can chairman, Holton, as District At-
torney. I enclose you one of the
circulars. Strenuous efforts have
been made by the United States Dis-
trict Attorney to frighten these election
officers into construing laws in ac-
cordance with his views of their meaning,
and in the interests of the party he
represents. To accomplish this result
the fact that the chairman of the Republi-
can party is also United States Dis-
trict Attorney has been emphasized
for the purpose, it is believed, of sug-
gesting the idea that as District At-
torney he could and would invoke au-
thority of the United States Govern-
ment to carry out the threats made by
him as chairman."

Mr. Simmons concludes: "Under these
statements of facts, I submit I am just-
ified in calling your attention to the
apparent organized influence and the
offensive activity of your appointees in
this State in our local politics, and of
their attempt to use their political po-
sitions to influence the results of the
campaign now in progress in this State
and in the interest of the party with
which they are affiliated."
